Office provides constituents help with many issues. Big one now is passports. Distributed handout. If can't help, they know someone who can help.

MO asked if redistricting change will alter Rep. Carson's priorities. Shouldn't but different areas may have different needs. Sue asked about specific bills that might impact real estate. Andrew will get Sue in touch with appropriate person in Congressman Carson's office. Provided handout. Included as separate file

Dan Boots: We have a new neighborhood advocate: Mr. Mina Moussa

NPT on track. Next level trails application to build 82nd St. bridge. Still years away. \$1,000,000 from 96th TIF. Applying for fed grants for Keystone Bridge. Acquiring land near Willowbrook office complex for bridge.

4720 Kingsway (empty building with chain link fence) has had break ins (not in our area). Neighbors concerned about safety. Feeder trails to NPT are being planned, e.g., from Eastwood Middle School to NPT.

Howland Greenway (currently Ditch). Want to clean it up and turn into Greenway. Being studied.

Budget introduced Monday. Details should come up in the news. Contains a focus on DPW and infrastructure.
